Online Employer Portal Now Available to Your ALLtech Groups

June 13, 2023

Managing employee benefits is now easier than ever for you and your ALLtech clients with 24/7 access just a click away.

Dear Valued Producer,

We're excited to announce that Associated Industries Management Services (AIMS), the administrator for the ALLtech Health Trust, has launched an enrollment portal available to participating employers.

Not only can employers leverage this tool to manage their benefit enrollment and account, but you as a producer and your support staff also can gain access to the portal.

ALLtech customers will receive a direct communication from AIMS with information on how they can secure access for users. If you would like to assist your clients with establishing who has access to their account, please click below to download the **Employer Registration Form for Online Benefit Management Portal**, which also can be found on the ALLtech Producer Benefits Portal under [Forms](#) and [Producer Reference Tools](#). Please note this form is used for both employer and producer house access.
