# Free Access to Spokane Eco-District Tour + Networking Hosted by CleanTech Alliance

November 9, 2022

### Get to know the industry and its leaders November 15.

Dear Valued Producer,

The cleantech industry in Spokane is booming, and you can experience it all next week at no cost as a partner producer for the CleanTech Alliance Health Trust!

You're invited to the [Spokane Eco-District Tour + Networking](#) reception next Tuesday, November 15, where you will learn about the Catalyst Building and Scott Morris Center for Energy Innovation. Together, they demonstrate new building techniques, materials and a new, sustainable shared energy model that is central to the goal of making Catalyst one of the largest zero-energy buildings in North America.

Get to know the industry and its leaders, including the BUILT Cluster and the Evergreen Bioscience Innovation Cluster, at this innovative event from 3 – 5:30 p.m. at the South Landing Eco-District, Catalyst Building, 601 E. Riverside Ave., Spokane, WA 99202.

Half hour tours will be offered at 3, 3:30 and 4 p.m., followed by an opportunity to relax and make new connections during a catered networking reception sponsored by Premera Blue Cross and Advanced Professionals Insurance & Benefit Solutions.

As a sponsor, Advanced Professionals invites you to take advantage of our complimentary tickets for partner producers. Interested? Let us know at [communications@advprofessionals.com](mailto:communications@advprofessionals.com) and we'll get you registered!

### CleanTech Remains Your Go-To Market for Construction, Building Sciences Industries

Do you have groups in the energy, environmental and building sciences industries that are in the market for a new health plan? Be sure to get a quote from the CleanTech Alliance Health Trust, which remains your go-to market for the diverse cleantech industry.

As together we build a more powerful and versatile Trust, our team is prepared to offer unique strategies geared to solve difficult financial and retention situations for employers. With a local and national trend focused on sustainable building practices, the CleanTech Alliance is uniquely positioned to take these companies into the next evolution of their industry.

For more information or to enroll a new group today, please contact your dedicated sales representative, who can assist you in helping create a plan specifically tailored for your group.

## Reciprocal Members of the CleanTech Alliance

The goal of the CleanTech Alliance Health Trust is to provide plan offerings as diverse as our customers and their different industry sectors. With the addition of the below reciprocal relationships, we hope to help expand your access to prospective members for the Health Trust, while also continuing to broaden the diversity of the sectors we serve.

Evergreen Rural Water of Washington, formed in 1994, is a non-profit organization that provides training and technical assistance to water and wastewater systems throughout Washington state.

[Visit ERWOW.org](http://ERWOW.org)

The Roofing Contractors Association of Washington is designed for all roofing industry businesses or associated businesses with a core effort to bring fresh ideas, education and passion to support the state's roofing industry.

[Visit RCAW.com](http://RCAW.com)

Washington Solar Energy Industries Association (WASEIA) is a professional trade association that educates legislators and regulators while promoting public understanding about the impacts of policies related to solar energy in the state of Washington.
