Regence Reaches Agreement with The Everett Clinic and The Polyclinic

December 27, 2022

Dear Valued Producer,

AP Insurance and Benefit Solutions is pleased to share an announcement with our producers who have groups enrolled in Regence BlueShield/Asuris Northwest Health through AP Connect.

Since Optum submitted its termination to Regence two months ago, Regence has been working to reach an agreement that is in the best interests of members, customers and the broader community. On December 22, Regence announced that it has reached an agreement to keep The Everett Clinic and The Polyclinic in network for Commercial members. There should be no disruption in care for Commercial members because of these negotiations.

“We are disappointed the negotiations ultimately created uncertainty for our members and customers, particularly during the tripledemic of COVID-19, RSV and the flu,” states the post. “We would like to thank you for your patience as we navigated this difficult negotiation.”
